strategic sloth ✳

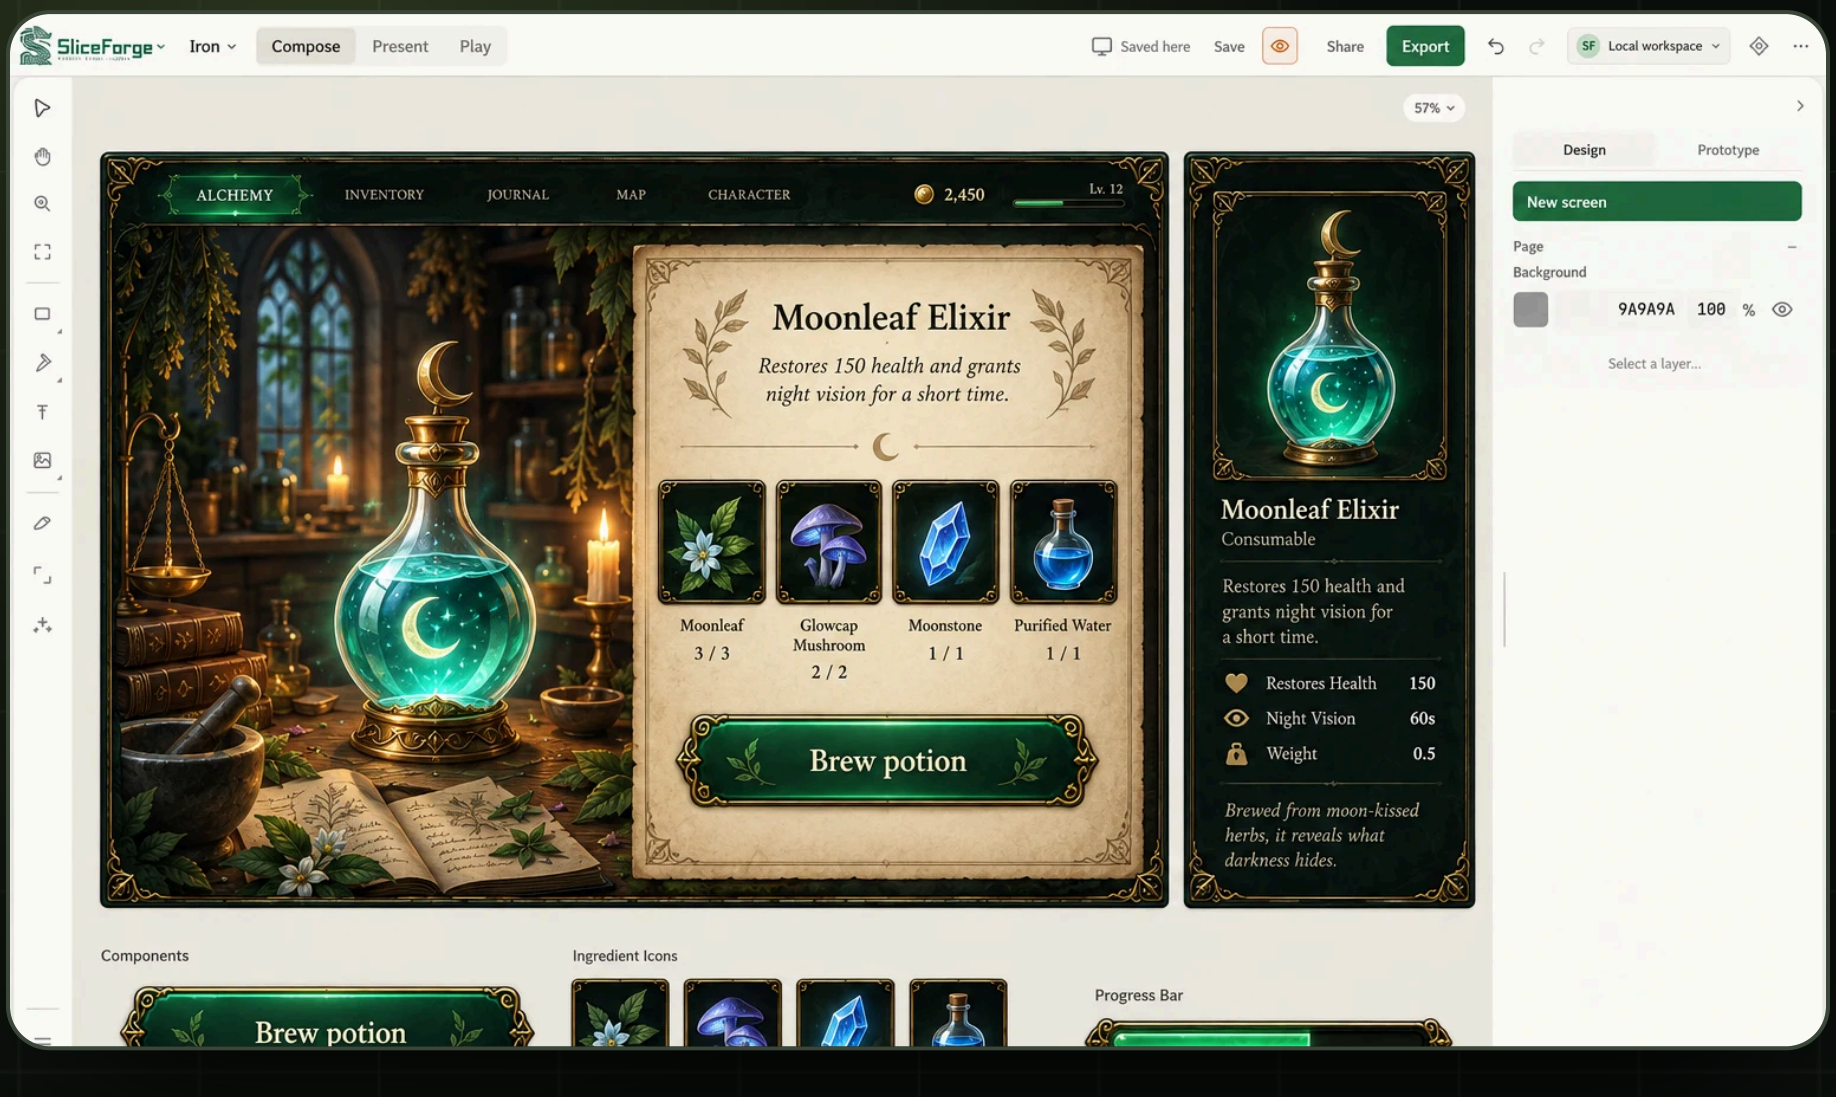

OUR OWN PRODUCTS · BUILT IN-HOUSE

We ship our own stuff too.

Ten things we designed and built ourselves, with the honest status of each. The same team builds yours.

- ✳ SliceForge
- ✳ DriveDeck
- ✳ Real Estate 3D Home
- ✳ Norman Ascension
- ✳ 16 free game dev tools
- ✳ Focusrail
- ✳ NarriaFlow
- ✳ SliceForge World Editor
- ✳ Storefront Builder
- ✳ Game UI collections

strategic sloth ✳

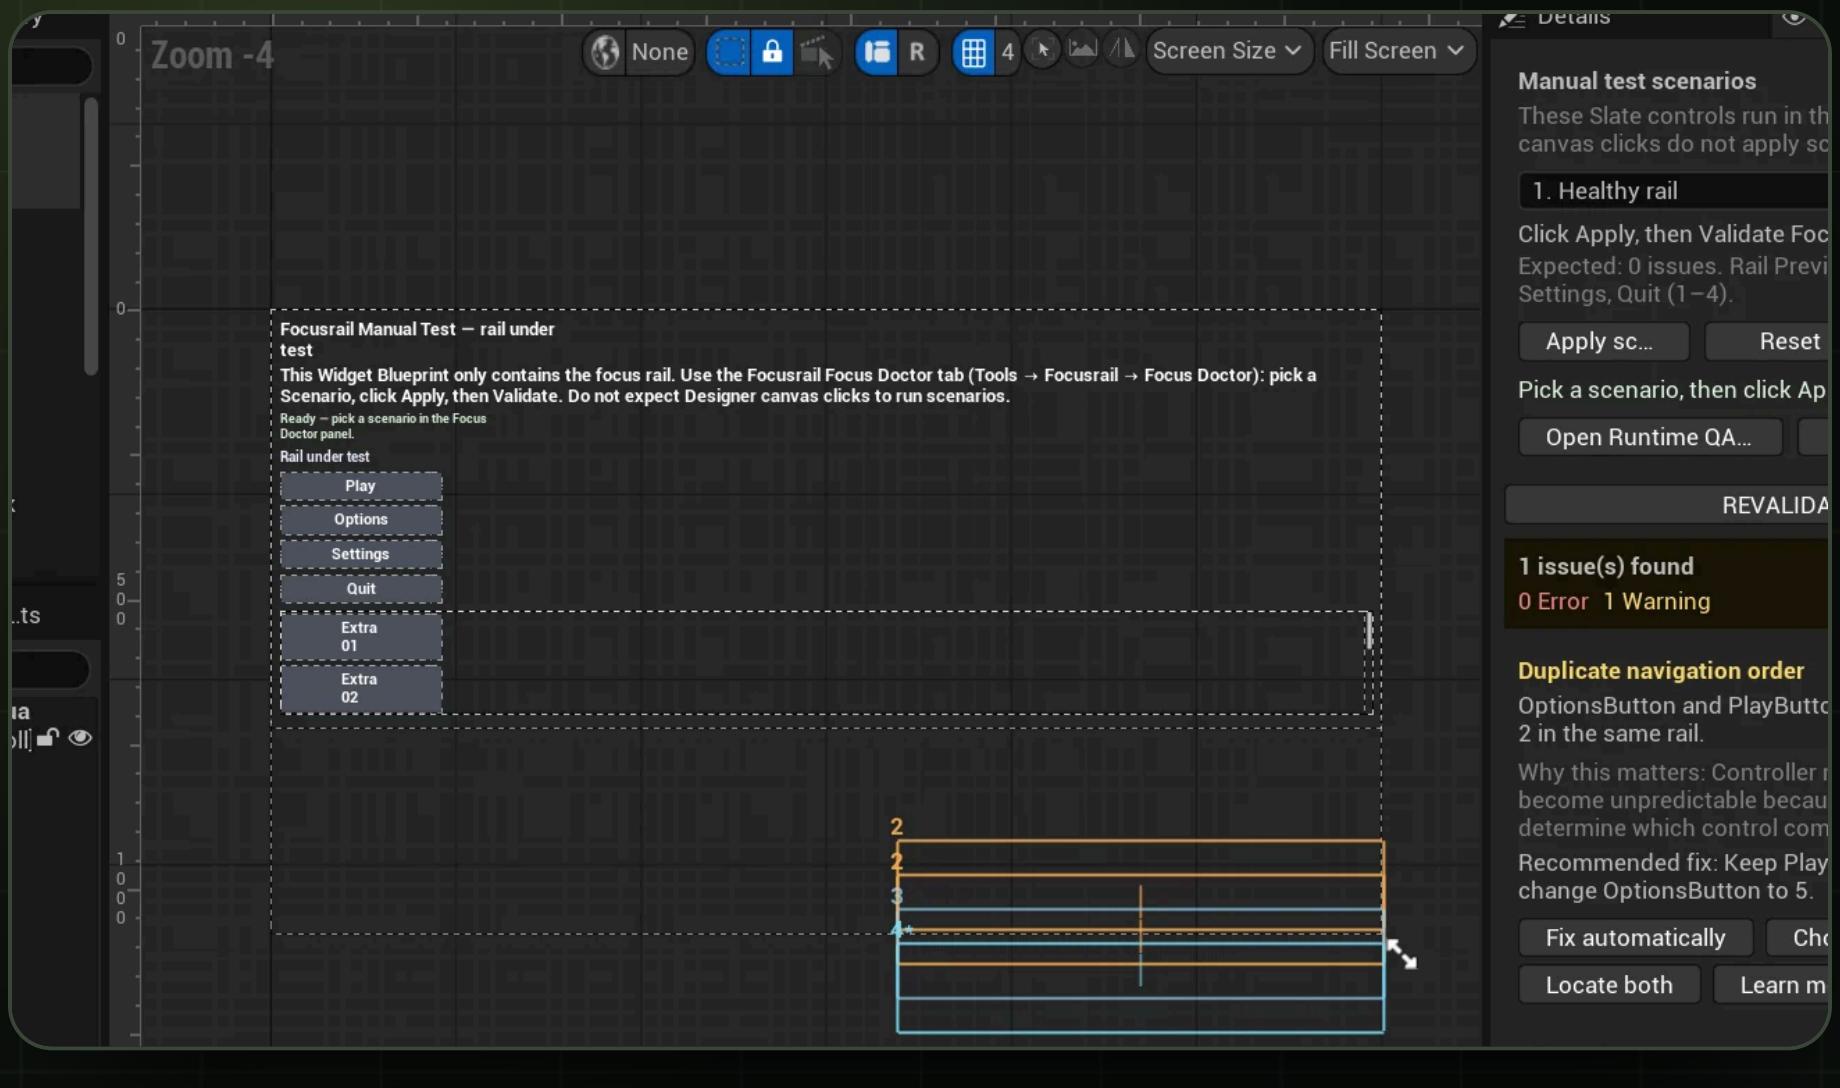

AVAILABLE · FREE TO START

SliceForge

Turn a visual reference into an editable game interface.
Build screens, refine component states, export a UI kit.

sliceforge.io

strategic sloth ✳

AVAILABLE ON FAB

Focusrail

Predictable controller navigation for Unreal Engine UMG. Focus memory, navigation rails and a Focus Doctor that finds broken navigation.

Unreal Engine 5 · C++ plugin

strategic sloth ✳

1.0

ORGANIZE · TRANSFER · TAKE IT WITH YOU

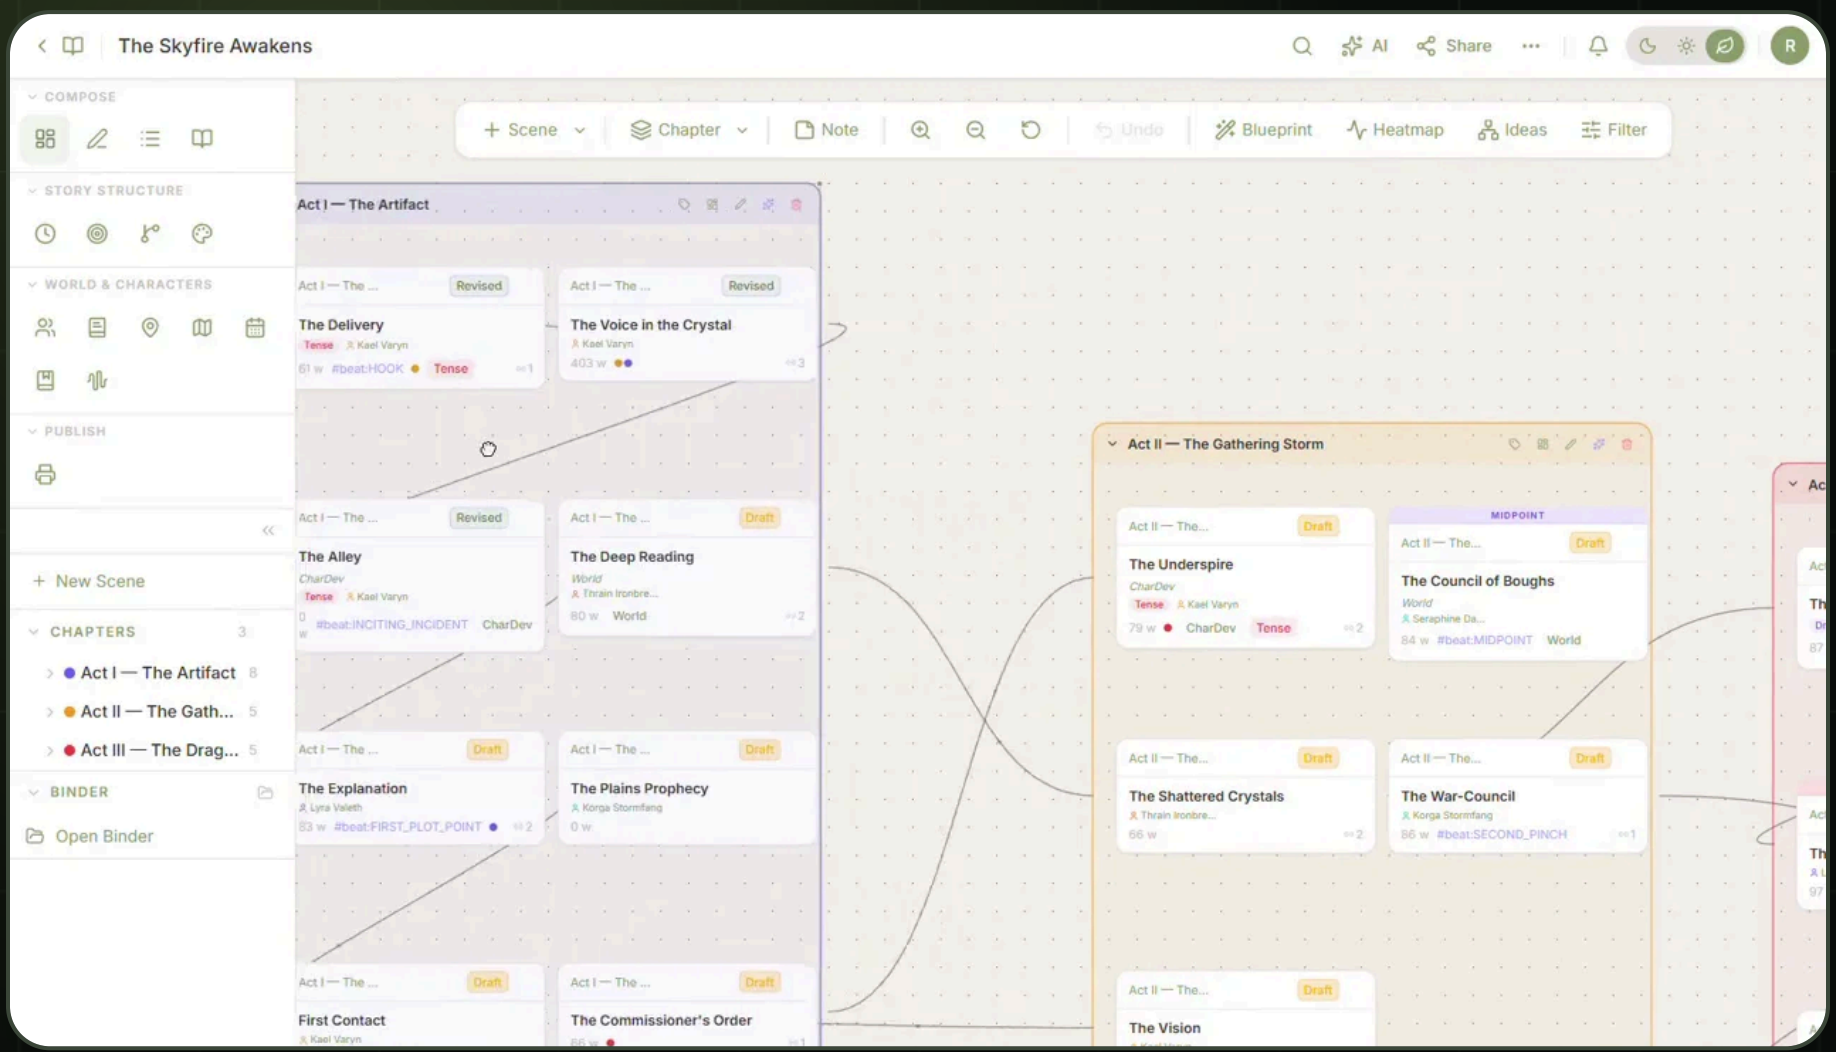

BUILT · AWAITING LAUNCH

DriveDeck

Your drive, organized like a workspace. Turn an external SSD into a desktop for files, projects and music, with managed transfers and safe eject.

Windows first · version 1.0 complete

strategic sloth ✳

COMPLETE · AWAITING LAUNCH

NarriaFlow

An infinite-canvas writing app for authors who think visually. Chapters, characters and connected ideas in one workspace.

Web app

strategic sloth ✳

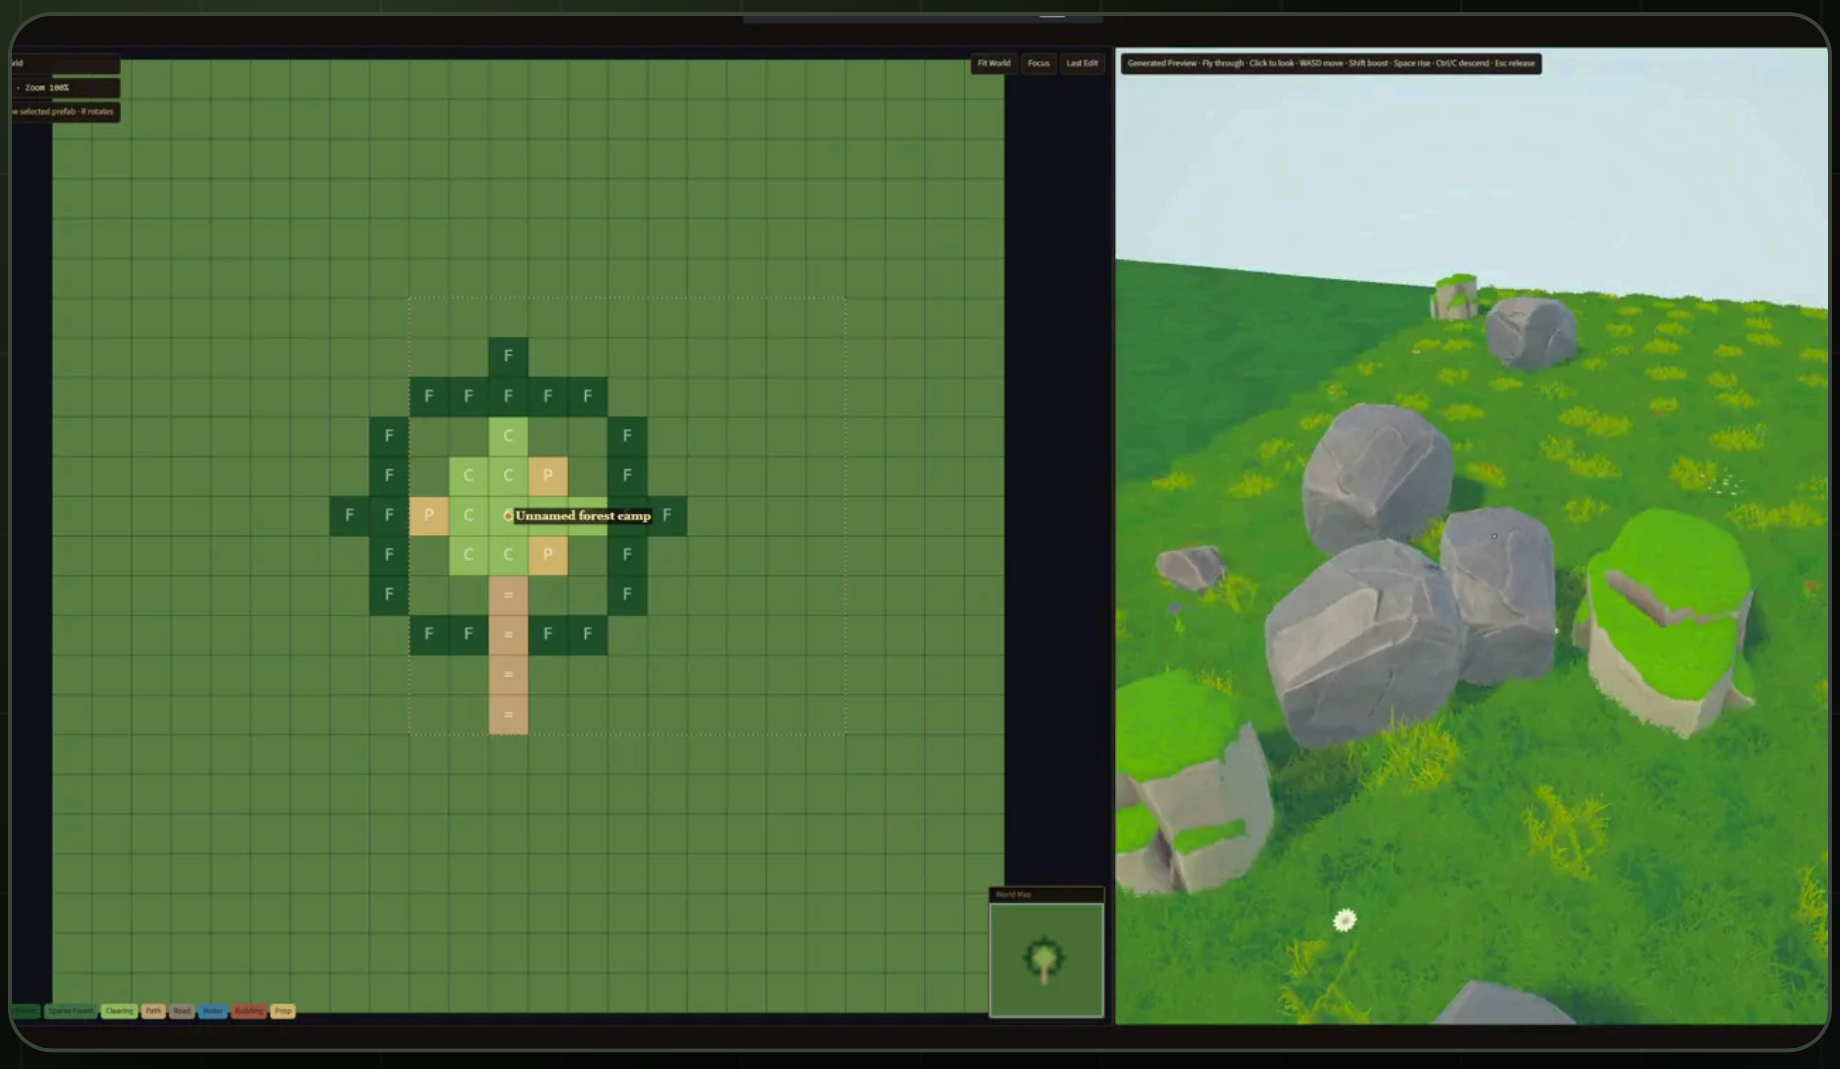

IN DEVELOPMENT

Real Estate 3D Home

Edit the plan in 2D, furnish the rooms, then walk through the same property in 3D. One application.

Web application · synthetic demonstration property

strategic sloth ✳

IN DEVELOPMENT

SliceForge World Editor

Paint a tile grid and watch the 3D world regenerate beside it. Map authoring for game teams.

Web · WebGL authoring tool

strategic sloth ✳

IN DEVELOPMENT · COMING TO STEAM

Norman Ascension

Our own online medieval dynasty RPG, running in a browser-based WebGL engine we wrote.

normanascension.com

strategic sloth ✳

UE5

PLUGIN · ON THE WAY

COMING TO FAB

Storefront Builder

Our next Unreal Engine plugin, following Focusrail.

strategic sloth ✳

16

SPRITES · UI · COLOURS · EXPORT · AUDIO

AVAILABLE · FREE, NO ACCOUNT

16 free game dev tools

Browser utilities for sprites, UI, colours, exports and audio. Files are processed in your browser.

strategicsloth.com/free-tools

strategic sloth ✳

TEN COMPLETE SETS

Game UI collections

Ten full UI directions, from tactical shooter to cosy farm: menus, HUD, inventory and settings in each.
